

July 2019

Dear Friend,

“Where then do you get that living water?” John 4:11

What a *pregnant* question the Samaritan woman asked Jesus at the well that day! Jesus ignored cultural and societal protocols and listened even more intently to His Heavenly Father, going out of His way to *present life* to her. That day, living water sprang up in that town and a *spiritual well* was opened.

We know too, it wasn't just any water Jesus was offering to her. He told her He was offering the “*gift of God*” in the form of unique “*living water*” that would become *in her*, through Him, “*a fountain of water springing up into everlasting life* and that she'd “*never thirst again*”! I'd want a cup of that too, and right away.... wouldn't you?

Heather and I in Israel last week tending to our Father's *living water wells*... the VOICE OF HOPE 1287 AM is pouring out over the Middle East the *WATER OF LIFE*.

WATER DELIVERY BUSINESS

Water is essential for life. Without it, the body can only survive for about a week as all the living cells within us cry out for water to maintain life. Doesn't that speak to you? It surely does to me. If our earthly bodies crave water that much, how much more does our spirit need the vitality that only *living water* can bring?

You and I are called by God to be in the “water delivery” business. We are to do so in our daily lives. You and I are also carrying the *living water* of God's Word by radio to Israel, the Middle East, Africa and Latin America through Strategic Communications Group and our powerful VOICE OF HOPE WORLD RADIO NETWORK. Together we are “carriers of living water”. Jesus said, “*If anyone thirsts, let him come to Me and drink. He who believes in Me, out of his heart will flow rivers of living water.*” (John 7:38)

BEWARE OF WELL-FILLERS!

Count on those, who out of *envy*, will attempt to *stop-up* (plug-up) that which God has given to you as a resource to *share God's living water*. Remember when Isaac tried to re-open his father's old wells, he found they'd all been filled up with earth, by the Philistines. Ask yourself why on earth would someone want to, or choose to “stop up” a water source that provides life-giving sustenance?

Our VOICE OF HOPE – ISRAEL radio station is broadcasting day and night over 1287 AM. This powerful radio station is reaching our listeners throughout Israel, Syria, Lebanon and Jordan with the living Word of God.

Pictured above is our VOICE OF HOPE on-air team. Please take a listen to the VOICE OF HOPE by going to our website to *listen live*: voiceofhope.com.

Also, you can download the phone app by searching VOICE OF HOPE for your iPhone or Android and listen in live.

Please pray for us and support the work of Strategic Communications Group as we take the Gospel to the nations!

There's a blatant "tell" in that act. God is the *author of life*. Satan is the purveyor of death. Genesis 26 says that they envied the blessing and prosperity of God upon Isaac's life and would rather cut off its flow for all than to let him access that water well. Isaac prevailed and he gave the wells the same names his father Abraham had given them. The Philistines *did not want a connection made back to Abraham*, but even more particularly, a connection back to Abraham's God, in the land.

You see, God, through Isaac, removed the debris from the wells and those who stopped them up, and then restored the wells with their original names so that the water of life flowed freely and God's promise to Abraham would triumph. Heaven will have its way, sway and say!

Heather and I believe that we are operating in the blessing of Abraham and that our VOICE OF HOPE radio stations are a fulfillment of God's promise to future generations. This is most certainly for today as we strategically deliver God's promise, through Jesus, to all that have ears to hear. The water from these VOICE OF HOPE wells flow, and flow and flow, saturating the airwaves with His love, His plan of salvation and the filling of all who thirst for His living waters. We have but one message and it is Jesus in His fullness of the Father, the Son and the Holy Spirit!

Would you lift us up in your prayers this month? We have had significant breakthrough this month because of your prayers and intercession for Heather and me. Please give generously too so that we can continue to operate the VOICE OF HOPE radio "wells". Would you pray and then give what the Lord tells you?

Thank you for standing with us and strengthening our hands as we serve the Lord on the front lines of spiritual history. The impact of the VOICE OF HOPE is truly great as His Word goes out over the airwaves with His promise of life.

In His service,

John and Heather Otis Tayloe
President and Founders
