

VOICE OF HOPE

WORLD RADIO NETWORK

STRATEGIC COMMUNICATIONS GROUP

June 2018

Dear Ministry Partner,

“And this gospel of the kingdom will be proclaimed throughout the whole world as a testimony to all nations, and then the end will come”. - Matthew 24:14

IMPACT OF THE GOSPEL:

Heather and I am very excited to share with you how God is using the VOICE OF HOPE radio station in Israel to reach Muslims and Christian listeners living in Syria, Jordan, Lebanon, Israel and beyond. Our radio signal falls like rain upon a population of over 40 million people everyday. Still, we have expanded our reach to include listeners of our new Android and iPhone Apps and also Facebook, where we share our live broadcasts worldwide by adding a few cameras to our on air studio!

John and Heather rejoicing over the impact of the VOICE OF HOPE – MIDDLE EAST radio station.

In May we began Live Casting our most popular radio broadcast on Facebook where it was viewed over 57,000 times, mainly in the Middle East and North Africa. The subject was on “Healing and the works of the Holy Spirit”. God has given us such powerful tools to shine the light of Jesus into a very dark part of the world!

Nizar and Nisreen on the VOICE OF HOPE – 1287 AM (Israel) also Live Casting on Facebook. A powerful add-on tool to reach the Arabic speaking world with the Gospel!

I would encourage you to visit our Saoutalamal (VOICE OF HOPE) Facebook page.

<https://www.facebook.com/Saoutalamal1287AM>

You can see for yourself the amazing impact that the VOICE OF HOPE is bringing to the Middle East.

Thank you for giving generously to allow us to expand our reach through our in-studio cameras, phone Apps and Social Media content.

Join Heather and me in giving praise to the Lord for the following VOICE OF HOPE – Middle East listener comments from our Arabic broadcasts...

THE MIDDLE EAST IS LISTENING...	
Mustaffa from Morocco:	I am a former Muslim listening to the VOICE OF HOPE on Facebook. I am encouraging others to listen as well.
Pastor Maurice from Canada:	Your Live Streaming the VOICE OF HOPE on Facebook is so important!
Rafaeel from Lebanon:	God bless you and peace and love be with the VOICE OF HOPE!
Ekbal from Bagdad, Iraq:	May God bless you in the name of Jesus! May he use you and guide the VOICE OF HOPE through His Holy Spirit.
Mira from Haifa, Israel:	Thank you Saoutalamal (VOICE OF HOPE)! Bless you!
Bassima from Belgium:	Bless your ministry and may the Lord's peace be with you!
Wissam from Jordan:	Bless the VOICE OF HOPE! May the Lord keep you going on with your message. I pray for more grace!
Nabeel from Morocco:	Hi, I am proud of my Cross. Yes we proclaim our Faith. God bless you.
Massilli from Algeria:	Please pray for a widow. She has a lot of problems and other issues. She needs a miracle. May God bless you all!
Aziz from Egypt:	Blessings upon Saoutalamal (VOICE OF HOPE)! May the Lord use you for the Glory of His Name sake!
Nageeb from Egypt:	Glory to Jesus!

The VOICE OF HOPE in Israel is leading the way for our radio network! This year I would like extend these social media tools to our VOICE OF HOPE – AFRICA and VOICE OF HOPE – AMERICAS radio stations in a similar way to further increase our impact for the Lord Jesus. Also, we have been working part-time with a team member to give leadership to our Social Media content and strategy. It is our prayer to bring him full-time before the end of the year, as resources are available.

GOD'S GENERALS OF INTERNATIONAL CHRISTIAN BROADCASTING MEET:

The National Association of Shortwave Broadcasters is comprised of Shortwave radio station owners here in the United States. VOICE OF HOPE – AMERICAS (KVOH Los Angeles) was a founding member in the early 1990's. Our annual meeting was held a few weeks ago at SonSet Solutions (formally HCJB) in Elkhart, Indiana. It was exciting to see our friends and colleagues, many in missionary broadcasting. One of the key topics of discussion this year was the new DIGITAL SHORTWAVE technology. Together, we listened to a live digital shortwave broadcast from Kuwait coming in loud and clear, like a local FM station over 7,000 miles away. Wow! I can't wait for digital shortwave. The Lord is allowing us to be a part of the testing of this new technology. It is another powerful tool to reach the world for Jesus! It is a great honor that I was elected as the new president of NASB for a term of two years. Dr. Jerry Plummer of World Wide Christian Radio in Nashville was elected as Vice President.

JOIN WITH US IN SUPPORT

Heather and I have committed Strategic Communications Group and our VOICE OF HOPE radio stations to deliver the Gospel to the world by radio! You see, radio is personal, reaching the masses one by one. Radio speaks to the heart and delivers real Hope and salvation found through Jesus. The VOICE OF HOPE radio stations work even when the Internet is being blocked and censored.

As you can imagine, it is a huge responsibility to sustain these powerful tools and to keep them on the air. I am asking God to supply enough funds to strengthen what He has put into our hands and to allow us to expand the impact of the VOICE OF HOPE into Iran through the addition of a shortwave radio station in Israel.

Would you partner with Heather and me this month in a significant way through your prayers and financial support? I can think of no greater investment into delivering the gospel to Muslims living in the closed countries of the Middle East than by radio. We really need your help and are praying that the Lord will speak to your heart as to what you can do.

Thank you for your love and for your support! The VOICE OF HOPE would not be here without your generous help! Thank you dear ones!

In His service,

John and Heather Otis Tayloe
